Covina Captures
Walkaway Game
From Montebello

Covina high school's baseball team had an easy time at Montebello last Friday, winning from the team representing the latter school, 21-7. The score might have been more one-sided had Covina's regular battery worked throughout the game.

Chamberlain pitched the first five innings for Covina and allowed no hits and no runs, while the batters were piling up a total of eighteen runs off Montebello. Coach Newman figured it was time to give Harold a rest, so Timmons was sent in to pitch, and later, Fisher. Montebello made seven runs off Timmons, while Covina made three more during the balance of the game.

Covina more than batted around in her first trip to the plate, Chamberlain and Powell slamming out home runs.

The local school has but one more game to play in section "B," in which it has been placed—that with Puente, here today (Friday). Should the Covina boys win this game, as they should, the following game will be with the winner of section "A" of the league, which will give the victors the right to represent the San Gabriel Valley league in the championship playoff games.

In section "A," Monrovia is leading, having defeated Citrus last Friday. Citrus was considered a strong contender, but the Monrovia boys won 6-3.

According to dope deduced from practice games, the Covina boys stand a good chance of winning from

Montebello and representing the league in the playoff games.

In the Covina lineup in the Montebello game Friday were: Anderson, catcher; Chamberlain, pitcher; Dunham, first base; Jewett, second base; Powell, third base; Lanphear, shortstop; Arnel, left field; Martin, center field; Romo, right field. Substitutes: Timmons for Chamberlain, Fisher for Timmons, Booth for Anderson, Jobe for Lanphear.

School Children
to Give May Day
Pageant at Park

The preparation for the May Day pageant, to be given this (Friday) afternoon at 1:30 at the city park, by the pupils of the Covina grammar school, has attracted the attention of many from other communities who will attend. Invitations have been extended to the high school and grade schools of the district, as well as to all parents and patrons.

A moving picture will be made of the pageant, completing the educational film, the material for which has been furnished under the direction of Miss Helen Hendricks, school nurse. This film has been made for the purpose of correlating the health work with the orange industry through the value of the orange in the daily diet.

The entire film will be shown at the Covina theater next Tuesday, at matinee and in the evening, and also in the evening on Wednesday.

Miss Mary Richard left Thursday morning to spend ten days with friends in San Jose. While there she will attend the Stanford "junior prom."

Syndicate Buys
Orange Groves
in Charter Oak

Activities in real estate during the past two or three weeks have been noticeable, especially in the Charter Oak district, where some 300 or more acres have been either bought outright or optioned for by A. J. Ellis, with offices in the Citizens National Bank building, Los Angeles, representing a large syndicate.

The Irwin-Downey ranch of 70 acres, lying east of the Masonic Home, W. H. Collins 16 acres, Geo. Fuhr 36 acres, and Dr. Thorpe's 60-acre ranch, all in the Charter Oak district, have been sold, and options taken on several other ranches. The H. E. Owen ranch has also changed hands, the purchaser being N. M. Ellis.

A. J. Ellis is a wealthy real estate promoter who has always bought in advance of development. He is basing his judgment on the belief that the next great development in Los Angeles county will be in the eastern portion of the San Gabriel valley.

In Covina several residences have changed hands. Will Runley has purchased a house and lot on North Fifth street from Mrs. Jessie Flick. R. S. Baldrige and J. H. Hossay have each bought a home on Pershing Court, in the Hanson tract, the sale being made by P. E. Dudderar.

Orin Bashor has a house nearly completed on East Puente street. H. E. Milliken is starting a handsome residence on the Adams Park tract, and Miss Mary Motter a duplex on West Puente street. Miss Virginia Wilson will build in the Adams Park tract, and Mrs. Clara Kinsman has the framework up for a house on West San Bernardino road.

To the south of Covina, E. A. D. Christopher has sold his twenty-acre walnut ranch with residence to Mr. and Mrs. F. L. Mowder, formerly of Los Angeles. This ranch is situated at the corner of Service and Hollenbeck and because of the location is one of the most valuable in the district.

Settlement Made
in Damage Suit
by Paying \$2750

By the payment of \$2750, settlement was effected this week in a damage suit growing out of an injury to Owen Ganger, the son of Mr. and Mrs. W. A. Ganger, residents of Glendora, who was seriously injured in the Day day celebration at the Covina park in 1922.

The damage suit was brought against sixteen Covina citizens, members of the directorate of the chamber of commerce and former officials of the city.

The child was struck down by one of the horses entered in the races held in the city park grounds immediately following the barbecue on that occasion. The boy suffered a compound fracture of the right leg, concussion of the brain, and other injuries. He was treated at the Los Angeles hospital for several months and today he is still lame from the effects of the accident.

The case has been pending for several years and the settlement, which is considered a reasonable one, releases the city and all parties from further obligations.

Before the settlement, it was agreed between the attorneys that the boy should receive \$2500 of the amount paid, his attorney receiving the very reasonable fee of \$250. At a meeting of the board of city trustees held Monday evening, an agreement was reached whereby the city assumed \$1000 of the damages allowed, leaving a balance of \$1750. It is generally conceded that this settlement is a very satisfactory solution of this distressing affair.

The boy is a student at the present time at the Citrus union high school. He was eleven years old at the time of the accident. The horse which was entered in the races was owned by Mrs. Walter Hughes, and ridden by a youth named Cecil Hibsch.

Travel Talk, Play
for Woman's Club

The last regular meeting of the year for the Covina Woman's club will be held Monday, with an attractive program offered. Miss Helen Broadwell, who returned recently from a year's study in Paris, will speak of the city especially, but will also tell of the attractions of quaint Brittany. The dramatic section of the club will offer the one-act play entitled "Joint Owners in Spain," Mesdames Prather, Clapp and Petty, with Miss Lilian Douglass taking part. Special music will help make the afternoon one of the best of the year.

The closing annual business, report and installation meeting of the club will be held Monday, May 23rd, with the club breakfast at 12:30.

Mr. and Mrs. Stanley Whitehead and family and Mr. and Mrs. Williamson and family spent Sunday on a trip to Palm Springs and White-water canyon.

Covina Donates
\$700 to Aid Flood
District Sufferers

The campaign for funds for relief of the sufferers in the Mississippi flood area, which has been carried on by a committee appointed by the chamber of commerce, has been a success.

The committee was composed of Rev. E. Williams, Rev. J. A. Boaz, and Mrs. Mary M. Coman. Under their supervision several talks were given in the school and announcements made in the various churches last Sunday, and "Hi-Tri" girls soliciting contributions on the streets last Saturday did valuable work in raising the money, \$300 being collected by them. The grammar school donated \$425, and the high school student body \$61.00.

Other miscellaneous contributions added \$131, and \$125 from the service clubs brings the total up to about \$700.

Inter-City Clubs
Entertained by
Local Rotarians

A fitting climax to the successful administration of President Harry Damerel of the Covina Rotary club was that of Thursday evening, when the local club acted as host to the Rotarians in the inter-city clubs of Whittier, Pomona, Huntington Park, Montebello and Covina. The event closed with an attendance contest, marked each month by the presentation of a cuckoo clock to the losing club. Covina Rotary, as host, paid its debt as loser and the clock was returned to its safekeeping by Supervisor Fred T. Beatty of Montebello, with humorous comments.

The banquet was served at the Masonic Temple by Rotarian H. A. Wenden, 175 members and guests being present. Ben F. Thorpe was chairman of the evening and presided over the program, furnished by the visiting clubs. Huntington Park was represented by a vocalist. Whittier presented a boy prodigy. Montebello appeared as custodian of the clock for the past month. Miss Christel Levine of Covina gave two fancy dances in her usual charming manner. Dr. Benjamin Scott of Pomona college was the speaker of the evening.

The past year in the Covina club has been marked with many activities, including the sponsoring of the Y. M. C. A. banquet, netting \$1000 for the work of the upper San Gabriel valley, building and furnishing of the Boy Scout hut, costing \$1200, as well as caring for the Scout district assessment. It has furnished milk for a part of the children in the kindergarten and first grades of the grammar school, paid \$3 per member to Rotary state work for crippled children, sent out Christmas baskets to old people, helped several boys who are working their way through school, educating Kenneth Van Vleet at the California Junior Republic school. Eleven members have been taken in, delegates sent to officers' conferences, second district conference and national convention. Eight inter-city meetings have been put on and four evening affairs in which the "Rotary-Anns" took part.

The retiring president was presented with a handsome Rotary button set with diamonds, by Col. Chas. Wood of the local club.

Officers for the new year are: F. H. Wright, president; Joe Coles, vice-president; Roy Hanna, treasurer; Wm. Thorne, secretary; Jake Overholtzer, W. M. Griswold and Harry Damerel, directors.

Change Made in
Baldwin Park Bank

An important change this week has been announced in the banking circles of Baldwin Park, whereby Ira Pontius acquired the majority of the stock of C. H. Banks, president of the First National bank of that city. In the reorganization, Mr. Pontius will become president of the First National bank and executive vice-president of the Baldwin Park Savings bank.

Mr. Pontius, who is a recent arrival from the state of Ohio, is a brother of D. W. Pontius, vice-president and general manager of the Pacific Electric railroad. He is a banker of many years' experience and has served as bank commissioner of the state of Ohio under two administrations. He arrived in California a little over a week ago.

Mr. Banks, who has been connected with the Baldwin Park bank for some years, will give his entire attention to his large banking interests in Monrovia, where for the past year he has served as president of a newly organized bank of local capital in that city.

Mr. and Mrs. Stanley Shaver have moved this week into their new home on East Badillo street which they recently purchased from Joe Laycock. Mr. and Mrs. Laycock and family have moved into their home on Puente and Baranca streets.

Valley Chambers
Hold Meeting
at West Covina

A splendid program, varied in its character—practical, educational and intellectual—characterized the May dinner and meeting of the associated chambers of commerce of the San Gabriel valley, held Tuesday evening in the Woman's clubhouse, West Covina.

On this occasion the members of the organization were the guests of the West Covina chamber of commerce and the ladies of the West Covina Parent-Teacher association, the latter having in charge the serving of the chicken dinner.

The principal addresses were delivered by Herbert Spencer Gilman of San Dimas, president of the Angeles Protective association, Dr. Ellis Studebaker, president of La Verne college, and Orin E. Monnette, vice-chairman of the board of directors of the Bank of Italy.

Mr. Gilman's address was in the nature of a report, dealing with reforestation and problems confronting the water users of the valley in the protection of the mountain brush cover from fire. He also reviewed the work being accomplished by the organization which he represented.

The address of Mr. Monnette, which he entitled "Wiseacres," was undoubtedly the most scholarly effort ever delivered before the organization in its eleven years of existence. During the course of his address he quoted many of the great men of the present day and of the past century on the dangers confronting civilization.

Professor Studebaker, president of La Verne college, is always a welcomed speaker, his remarks being timely, practical and helpful, and this occasion was no exception to the rule.

The address of welcome was extended by E. W. Gentry, principal of the West Covina school, and responded to by President W. G. Richards, who presided during the session. Senator Herbert J. Evans of Monrovia, and Assemblyman Harry F. Galloway of Whittier, who have just returned from the legislature, were guests of the organization and spoke briefly on legislation affecting this district now awaiting the governor's signature.

Pleasing numbers on the program were readings by Miss Ruth Neely, of West Covina and the music furnished during the serving of the dinner by La Cross orchestra, composed of local musicians. Director Neely, past-president of the associated chambers, and the representative of the West Covina chamber, deserves commendation for the success of the evening's program.

HOOKED RUG EXHIBIT

The Scofield Furniture company has arranged a window exhibit for Saturday that will interest every lady in the community. Many beautiful hooked rugs, so popular for handwork at this time, will be shown, all the work of Covina ladies. The store will be glad to have any party who has made a hooked rug, bring it in for the exhibit.

GLASSES CHECK OLD-AGE
DISFIGUREMENTS

You cannot stop the march of time, of course, but—it is possible to ward off many marks of old age and retain a youthful appearance long after life's meridian has been passed.

Most of life's interests center in the eye, and most of life's pleasures come from using the sight. Dimness of vision means the clouding over of the brightness of life. Enthusiasm, alertness, optimism, all the youthful qualities that accomplish things, fly before the chilling influence of bad vision.

Don't let the prejudice of wearing glasses prevent your going without them if you need them, for they represent one of the surest means of checking old age disfigurements.

The "Azusa Cowpunchers" gave a program Monday evening over station KNEC, Santa Monica, advertising the rodeo to be given shortly in Azusa. Earl and Jimmie Cannon and Dean Johnson of Covina assisted the Azusa artists on the program.

Chamber Secretary
Resigns Position

Julius Jorgensen, who has been the secretary of the Covina chamber of commerce for the past year and a half, has resigned his work to accept a similar position for the city of Compton, at a big advance in salary. Mr. Jorgensen leaves Covina tomorrow for his new field. His work as secretary has been among the most acceptable since the existence of the organization.

Mothers' Day—

Sunday, May 8, has been set aside by our nation as Mothers' day. This is as it should be. We honor our war heroes, we celebrate the day of our nation's birth, the states set aside a day in honor of their founders. Our patriotism demands this, and it is right. In a late day of our national civilization, our country at last has conceived the high idea of paying general respect to the undying love and devotion to the greatest souls now living in our land, and those who have departed—our mothers. They have rendered to our nation the greatest service of which history tells, and to us as children have given a blessing which multiplies with the passing years, without any thought of making for themselves a name. Napoleon was asked by someone, during a period of national and moral decadence in France, what he considered the greatest need of the nation. He replied, "What we need in France today, more than anything else, is a nation of true and pious mothers." There is no argument against this need in our own country today. Let Covina be true to itself on Sunday by being true in some fitting way to our mothers.—Contributed.

A Mistaken Belief—

It is common belief that newspapers cater to the money side of any question; that they are afraid to condemn wrong for fear it will lose subscribers or advertising patronage; that it is their duty to expose everything that is not exactly right and proper—except when an individual or his family is personally connected therewith, then, of course, it should be suppressed.

This is all wrong. A man engages in the newspaper business to make a living, just like anyone else in any other business. In a general way, the newspaper belongs to the community, but the owner is alone responsible for it and what happens therein. It is not the duty of a newspaperman to ferret out any mean, contemptible act any more than it is the duty of a citizen. The citizens of a community are responsible for the immorality of a town, for the breaking of law—not the newspaper.

How many business men are there in Marysville who will condemn a wrongdoer when they have reason to think it will lose them money and future patronage? And yet that is just what some people expect the newspaper to do. The trouble is the majority of people haven't the moral courage to stand up for the right. Let a newspaper condemn some wrong or expose a scoundrel, and some of these same people will come around to the editor, privately, and tell him he has done right, yet when it comes to saying it publicly, their nerve fails them and the paper is left to fight the battle alone—probably against one of its best patrons.

If you have any grievance to make, do it publicly. If a newspaper attempts a reform, either social or political, that you believe is right and will result in a benefit to the community, give it your support publicly. Don't sit back and say a newspaper has not courage to say what's wrong until you yourself rise above the almighty dollar and stand for truth, honesty and justice.

It is the individual and not the newspaper that hasn't moral courage. Newspapers reflect the wishes of the people and the community as a whole and are the result of existing conditions which may be changed, if at all, by individual effort.—Marysville, Kan., Advocate-Democrat.

Early Days in Covina

TEN YEARS AGO

Local home guards disarm the Mexicans. A shooting fray in the Mexican settlement, to the west of Covina, shortly before midnight on Tuesday, necessitated a call for the home guard, 56 men responding. Constable Saunders organized his force for a general disarmament of the Mexicans, resulting in the confiscation of four guns and several villainous looking sheath knives.

The Covina Lyric club has been given a prominent part on the program at the coming state W. C. T. U. convention. Mrs. J. L. Matthews will give a special number.

Alec Anderson, bookkeeper for the Covina Fruit Exchange since 1908, has accepted a similar position with the Azusa Foothill company. His position here has been taken by J. C. Hutchinson, formerly assistant cashier of the First National bank.

"Better Baby Day" will be held at Merwin on Monday, May 1st. The county health officer, Dr. Pomeroy, two county nurses and several local doctors will assist. In the afternoon the children will have a May-pole dance and other exercises. It is hoped that Miss Mary Merwin, daughter of the founder of the mission work at Irwindale, who is still greatly interested in the fate and fortune of the settlement, will come from Pasadena for the event.

Miss Clara Sunborn gave a talk at the Monday Afternoon club, telling in a fascinating way of a trip up the Dalmatian coast and a visit to Montenegro in 1914.

Eight hundred high school and grade students will take part in a pageant depicting the early history of the San Gabriel valley. Elaborate preparations are being made by the Citrus-union high school, assisted by the grade schools of Azusa, Glendora, Center, and the junior college.

TWENTY-FIVE YEARS AGO

A number of orange pickers residing in a tenement house filled up on "dago red" and Bill Thomas's whiskey Wednesday and made the day hideous with cursing and fighting. Three were arrested by Constable Mehaert for disturbing the peace. Sympathies are with Mr. and Mrs. W. S. Utter, who buried two children this week who had died from diphtheria. The disease was brought by a nurse from Dos Palos who came to nurse Mrs. Utter during her confinement. Internments were strictly private and at night. Every vigilance is being taken to prevent the spread of the disease.

Harthorn & Field, proprietors of billiard rooms, appeared before the board of trustees and asked the repeal of the ordinance prohibiting the running of billiard tables in Sundays. The matter was disposed of by being laid on the table.

Miss Lizzie Orr and Mr. Will Sent were married Tuesday afternoon at the home of the bride's grandparents, Mr. and Mrs. Samuel Willis, by Rev. J. W. Utter. They will reside in Spokane, Washington.

Mrs. C. Richmond of Milwaukee, a sister of Mrs. B. F. Cook and Miss Flora White have arrived from the east and are guests of Mr. and Mrs. C. F. Clapp.

District Attorney Fredericks has decided that Bill Thomas, the owner of the notorious joint on Azusa avenue, charged with selling liquor without a license, whose case was transferred from Covina to Pasadena, shall be tried by a jury of women. The move is not a matter of choice so much as actual necessity. Mrs. Thomas has just been on trial for a similar charge and three days were consumed in getting a jury. The prosecution challenged all the known club or saloon advocates and the defense challenged all known temperance people. Mr. Fredericks, after wracking his brain as to where he would find enough men to compose a jury, read the law and decided that women were eligible.

Dinner, Bazaar Held by Church

Stepping aside from the general rule and holding their bazaar and supper in the spring instead of the holiday season, the Methodist ladies put over their chicken dinner and bazaar in a big way last Thursday afternoon and evening. The booths, which were decorated prettily with festoons of var-colored roses, giving a real spring atmosphere to the entire room, were arranged on both sides of the large auditorium and were busy with the hum of shoppers throughout the evening. These booths formed a pleasing background to the three long tables which were required to serve the friends who took advantage of the opportunity to enjoy a fine chicken dinner. A jazz tune furnished considerable amusement to the shoppers.

Codling Moth Is Topic for Meeting

The walnut codling moth will soon be depositing eggs and that will mark the period definitely in which spraying should be accomplished. The question before La Puente valley growers is whether to spray or dust, or whether to do either. At a meeting of the walnut growers' association held a few weeks ago it was voted that the association stand the expense and do the work of banding the trees with burlap. The worms crawl under the burlap on their journey up the tree and there deposit eggs. Worms and larvae may be destroyed by frequent inspections.

The economics of the codling moth situation will be taken up by Prof. Ralph E. Smith, assistant entomologist of the University of California, at a meeting to be held at La Puente walnut packing house on Monday, May 16, 7:30 p.m., by the agricultural extension service. Prof. Smith is giving his entire time to codling moth investigation. K. L. Wolff, deputy horticultural commissioner, will discuss the methods in connection with codling moth control and will tell the growers of co-operative control measures being carried on by the county.

Comic Operetta and Concert Are Given by School

A concert of unusual merit, given by the girls' club of the high school, preceded a one-act comic operetta by students of the school, last Friday night. The large auditorium was well filled with an appreciative audience.

On the program of the girls' club were an opening number by the school band, groups of songs by the male quartet, the boys' club, and the girls' club. The two student artists, Dorothy Hendrix and William Kurash, assisted, the former with a cornet solo and the latter with a violin solo. A brass quartet gave the sextette from "Lucia de Lammermoor," and the band appeared again in the latter part of the program.

The operetta, "Trial By Jury," as Gilbert and Sullivan play, was well rendered. The principal characters in the cast were taken by Dorothy Warner, as the plaintiff, and Ray Williams, as the defendant, and Louise Jones, judge. Other members were Carroll Robertson, usher, Henry Mar-

shall, foreman of the jury, bridesmaids, Sara Roth Koch, Catherine Clough, Beatrice Taylor, Virgie Deane, Madeline Long, and Anna Mae Cox, spectators and jury members. Accompanists for the evening were Dorothy Ketch, Myrtle Jones and Eugenia Benneron.

The operetta and concert, given under the direction of Mr. Paul Chanthana, marks a successful year in the musical department of the school.

MRS. JAY PITZER GIVEN SURPRISE BY FRIENDS

Mrs. Jay Pitzer, who is convalescing from a recent auto accident, was given a pleasant surprise Thursday afternoon at the home of her sister, Mrs. Clyde Batchelder, of West Center street. Mrs. Batchelder, who entertained in the evening with a family dinner in celebration of Mr. Jay Pitzer's birthday, enticed her sister to her home in the afternoon, where she found about thirty friends. The greater part of the afternoon was spent opening and examining the dainty gift packages that were shown upon Mrs. Pitzer and were a part of the surprise.

Miss Mae Campbell was a guest on Tuesday of Mr. and Mrs. E. B. Dye.

Tunnel Repaired in San Dimas

An effort is being made to put a stop to the leakage of water from behind San Dimas canyon dam before the gates of the dam are closed and the water is stored for the summer irrigation purposes. During the winter the old tunnel, which underlies the dam itself, became unsealed and the water from the upstream side of the dam was allowed to escape a mile or so below the dam.

Rumors to the effect that the dam had been undermined are entirely false, and Charles Burky, engineer in charge of the Los Angeles county flood control projects in this section of the county, stated that the dam, as a flood control project, gave as sound as ever, but that water conservation would be practically impossible until the leak is stopped.

The tunnel is one which had been constructed before the dam was built and lies along the old creek bottom. It was believed that it had been permanently sealed, but during the storms of last winter in some manner the water leaked through.

HIGH SCHOOL TENNIS TEAM NOW SECOND IN LEAGUE

Last week the high school tennis players beat the Monrovia team with a score of 13-5. This places the local net team second in the San Gabriel Valley league tournaments.

The most spectacular game last week was played by Neal Wagerle and his opponent, Monrovia won this match with a score of 6-5, 6-3. Hugh Perram defeated his opponent 4-6, 6-2, 6-1. Art Knorr and Sydney Schwartz defeated Monrovia first doubles 6-4, 6-3. Second doubles, Barry Everett and Leland Pearson defeated their opponents 6-5, 6-3.

Yesterday the teams went to Downey, and the game on Thursday of next week with Citrus will be the last of the league series.

PREPARATORY SCHOOL WILL RENDER ANNUAL CONCERT

The annual concert of the orchestra of the California Preparatory school will be held in the auditorium at the school Friday evening, May 13, at 8 o'clock. The public is cordially invited.

Miss Hattie Lovellette of Los Angeles was a guest several days this week of Mr. and Mrs. E. B. Dye.

Martin Fesler Gives Tips for Auto Tramps

Seligman, Arizona

Ever since Dr. Reed told me about that chicken dinner he got last summer for 35 cents down in Missouri I have had a hankering for that country.

So after months of planning we decided to go and get a few meals there—for it is cheaper than staying at home on that diet.

We sought information far and wide as to the best methods of becoming an up-to-date auto tramp, and we are passing them on to Argus readers. One party suggested that we stop at every railroad crossing and get out and look up and down the track for trains. I would suggest that it might be a better plan to see the station agent and find out when the train was due.

We took a shovel along but up-to-date we have had about as much use for it as I have for my overcoat in Nevada.

The run from Barstow to Needles should be made on a cloudy day. Almost anyone of our weather prophets can tell you when that will be.

For the benefit of those planning a trip I suggest that you load up and motor out to the Hollenbeck hills and spend a night and then come back home, for by so doing you will find out what things you have left behind.

Early in the morning on May first we got on our way. The first one hundred miles was a dream and we made good time. In fact we did so well that we decided to make Needles and were going strong when a sickly lurch told us that we had better investigate. An offending nail entirely ruined an inner tube. This brought us down to earth and a few miles further on the engine went on a strike.

It was evident that it had an economical streak on and was trying to save gas, as the area of cheap gas came to an end after Barstow. I soon exhausted my limited knowledge of carburetors and began hailing cars that looked strong in the transmission. I never knew autos would have so many complaints. I scorned Ford because I did not think them equal to the task. Finally in desperation I began hailing them and at last landed a good Samaritan in the person of a professor of one of the schools at Needles. He had to do it all in low and after three miles of heart breaking grind the tow car came and took me the remainder of the way, another three miles. A lot of rubber from an offending hose had clogged the screen and no gas could get through.

In the hands of a skilled mechanic we soon had confidence restored and after a night we got on our way.

Just when we were beginning to have confidence we picked up more hardware and had to make another change.

The roads are wonderful along the National Old Trail and in Arizona they are especially fine. As we saw motorists all along the line repairing tires, we wished they had not used nails for macadam, for they are not a success.

There is much that can be written on a trip like this and perhaps the Argus will allow me to tell you more about it next week. Yours
MARTIN FESLER.

HOME TELEPHONE OFFICIALS ENTERTAINED IN ALTADENA

Mrs. L. M. La Petra, who is a member of the board of directors of the Covina Telephone company, entertained the other members of the board and their wives Friday evening in her beautiful new home in Altadena. The guests were all given an opportunity to inspect this beautifully appointed new house and were entertained by relatives of the hostess, with readings and songs.

A memory contest was won by Mrs. Frank Wright, who was presented with a prize. Beautifully arranged baskets of spring flowers were used in decoration. A tray supper was served the guests, among whom were Mr. and Mrs. Frank Wright, Mr. and Mrs. Harry Daurel, Mr. and Mrs. C. S. Beardsley, Mr. and Mrs. James Elliott, Mr. and Mrs. H. M. Houser, Mr. and Mrs. J. O. Houser of Covina, Mr. and Mrs. Needham of Glendora, Mr. and Mrs. C. A. Griffith of Azusa, Mr. and Mrs. Lloyd Wright of Los Angeles.

SECOND IN SERIES OF BRIDGE PARTIES GIVEN

The second of a series of bridge parties was given Saturday at the home of Mrs. C. W. Potter, Mrs. Harold Potter and Miss Hazel Potter assisting. Eight tables were laid for luncheon preceding an afternoon of cards. The centerpiece at each table were May baskets of Cecil Brunner roses and other baskets of mixed flowers were used in decoration.

Mrs. Stanley Shaver was awarded first prize for high score, Miss Foley of Los Angeles prize for second high, and Mrs. Maurice Curtiss consolation prize.

Another party will be given Saturday of this week by these three ladies.

EDDY MAKES ENVIABLE RECORD AT SACRAMENTO

Assemblyman and Mrs. C. D. Eddy, of National City, were guests for several days this week with Covina friends. Mr. Eddy has just returned from his legislative duties at Sacramento. Although this is his first term he has established a reputation for himself, both in debate on the floor of the house and for his fearless and independent support of moral and public welfare measures. He was formerly pastor of the First Baptist church of this city.

PAY CASH AND SAVE MONEY

There is usually a vast difference between the Cash and Time price of any merchandise. Then, too, at certain seasons bargains are offered which enable you to save money.

The only sure way to take advantage of these opportunities is to set aside a certain amount weekly in a bank account and have the ready cash when you make the purchase.

There Are "3" Essential Things

You Want the Washer You Own To Do

Wash Clothes Clean
Wash Clothes Fast
Wash Everything

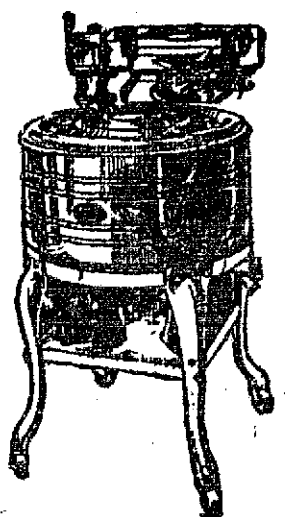

Only in the ZENITH are these **THREE** essentials carried to the highest degree of perfection.

The ZENITH gives the clothes individual attention while washing them in quantity. Only by doing that can the absolute cleanliness you desire be expected or obtained.

The ZENITH CLOTHES SEPARATOR makes this possible. It is an exclusive ZENITH feature that keeps the clothes spread out. It holds the clothes absolutely under the control of the SOFT RUBBER FINGERED AGITATOR so that the sudsy water can pass freely through their porous texture. Clothes are not mauled about in tangled masses, but are washed separately, and individually.

Fast washing means clean washing. Given practically individual care in the ZENITH, grimeiest overalls or lingerie are washed clean in unbelievably short time.

A FREE TRIAL on your next wash-day will demonstrate to you ZENITH'S SUPERIOR WASHING QUALITIES.

STILL GOES TO STATION TO SEE TRAINS COME IN

Going down to the station to meet the trains passing through was one of the important events of the day to residents of a little city in Missouri, so when an elderly lady of that town moved to Los Angeles, she saw no reason why her daily pilgrimages should cease. Most every morning she gets on a street car and goes down to the Southern Pacific station, returning to her boarding house home just before noon, where she spends the rest of the day.

She says she never expects to greet anyone she knows, but can not understand why the people appear so unconcerned about what to her is the most important event of the day in the life of the city—the arrival of trains bringing hundreds of strangers and visitors from everywhere.

New Machine Cuts Firebreaks

While forestry officials from Washington and San Francisco looked on in amazement and elation, a new mechanical method of cutting firebreaks through heavy brush in the mountains was demonstrated at Burley Flats, back of Mt. Wilson, Saturday. The new contrivance was declared to be of tremendous importance to entire Southern California because of its bearing on the brush fire situation. One of the big difficulties of handling brush fires in the hills has been the inability to get enough men to cut firebreaks fast enough to head off the fire. The mechanical contrivance being experimented with demonstrated it will do the work of from 100 to 150 men, according to George Cecil, supervisor of the Angeles national forest.

The new machine consists principally of a giant V which is suspended under a big road scraper carriage, which in turn is pulled by a caterpillar tractor.

In the demonstration Saturday the contrivance was plunged over ridges and down into canyons through the heaviest kind of virgin brush, leaving in its wake a path about eight feet wide strewn with broken and uprooted brush. The machine proceeds about as fast as a man would walk.

INCREASED VENTILATION FACILITIES FOR THEATER

Manager Jack Brown of the Covina theater announces that his playhouse has undergone a spring cleaning, and that additional ventilation facilities will make it cool and comfortable during the summer season. This house is running a series of the better pictures, and that they are appreciated is attested by the large attendances.

One noticeable feature of the performances is the playing of the pipe organ by William Binns. Binns is a real organist, and his accompaniments to the pictures adds to their impressiveness.

DONALD C. MILLER WEDS MISS REBECCA LONG

Monday, April 25th, the marriage of Mr. Donald C. Miller, son of Mr. and Mrs. D. J. Miller, and Miss Rebecca Long, daughter of Mrs. Janie Long, were married at the Mission Inn, Riverside. The attendants were Merrill Miller, brother of the groom, and Miss Nellie Ross. A wedding dinner was served at the home of the groom's parents, corner of Azusa and Cypress avenues, with eighty-five guests present.

Mr. and Mrs. Miller left immediately on a trip to Oregon. They will reside on the ranch on their return.

MR. MERRILL MILLER AND MISS NELLIE ROSS WEDDED

The marriage of Mr. Merrill Miller and Miss Nellie Ross occurred last Thursday, April 28th, at Riverside, Rev. W. W. Catherwood, former pastor of the Covina Baptist church, officiating. Mr. Miller is the son of Mr. and Mrs. D. J. Miller, who reside on Cypress avenue. Miss Ross is the daughter of Mrs. Eva Ross of East College street. The young people at once went for a short stay at Imperial.

SENIOR HI-TRI GIRLS HEAR BUSINESS TALK

Tuesday night's gathering of the senior "Hi-Tri" girls was held at Baldwin Park with the usual supper—this time a regular "bean feed"—followed by the business session, in which the report was made that the girls last Saturday collected \$300 on the street for the flood relief. Arrangements were made for the annual "Mothers' night" next week Tuesday at the Methodist church. Miss Mary Funk, one of the organizations' advisors, gave a practical talk on business life for girls.

JUNIOR LIONS ATTEND RIVERSIDE MEETING

Ted Coman, Bill Dredge, Jr., and Parker Reed represented the local Junior Lions at the monthly district meeting which was held at Riverside Tuesday night. Plans were completed for the Junior Lions convention, which will be held at Riverside with the district senior convention on May 27 and 28. The final convention committees were suggested and it is expected that Carroll Robertson of Covina will be appointed a member of the resolutions committee.

IRVINDALE MISCELLANY CLUB MEETS IN COVINA

The Irwindale Miscellany club met Tuesday afternoon at the home of Mrs. F. H. Sowle. A social afternoon was enjoyed. The board of directors was unanimously elected for another year: Mrs. C. E. Crawford, president; Mrs. T. E. Tarris, vice-president; Mrs. L. D. Woodworth, secretary; Mrs. H. Eckerman, treasurer.

The next meeting will be a noon picnic for the ladies, at the home of Mrs. Theodore Evans, on Bonita avenue.

LADIES ENTERTAIN AT BRIDGE BREAKFAST

The home of Mrs. Seth Colver was a veritable spring garden on Wednesday, when she and Mrs. George Carson and Miss Mae Coffman entertained thirty-two friends at a May bridge breakfast. May baskets formed the centerpiece of the small tables and were later given for table prizes. Small waxed lilies in all the different pastel colors and filled with candies, formed the favors. Mrs. Stanley Shaver won first prize and the ladies winning other prizes were Misses C. W. Searcy, Clyde Batchelder, Jay Pitzer, L. W. Everett and Mabel Starr.

Celebration Held at Merwin School

Last Monday was a gala time at the Merwin school all day and there were many visitors who were interested in the regular work of the four rooms, in the morning, and in the afternoon program, which included Maypole dances, recitations, songs and games.

The work of the school was of special interest just at this time, since Monday night there is to be a mass meeting to discuss the need of an addition to the school building and equipment. With a hundred and forty Mexican children the old buildings are inadequate and the four teachers are doing excellent work at a considerable disadvantage.

In every room the work of the children was shown—color work and drawing, the practical sewing and cooking of the girls, and the manual training shop work of the boys. Two large posters illustrated the need of more room. For one the girls had made and mounted a hundred or more paper dolls to represent the school children, all crowding into a small building.

Graduation exercises will be held this year for three, two boys and one girl who will complete the eighth grade.

Donald Dye entertained Mr. Patterson of Alhambra at dinner at the home of his parents, Mr. and Mrs. E. B. Dye, Saturday evening.

Mr. and Mrs. H. C. Eckerman were guests Sunday of their daughter and her husband, Mr. and Mrs. Sella Butler, in Los Angeles.

Straw Time Now

We would suggest an early selection while shapes and sizes are fairly complete. You'll find at this store the prevailing shapes for this season—Panamas and Sennets from Knox, Leghorns from Italy, genuine Yeddos from Switzerland, in addition to domestic straws in fancy braids.

Price range \$2.00 to \$8.00

STRAW HAT USAGE

The straw hat season is of four months' duration—May 1st to September 1st—with twelve days grace at the beginning in which to select your straw and discard your felt, and twelve days at the end in which to reverse the operation. That's why in many places May 13th is an unlucky day for felts and September 13th an unlucky day for straws.

The above is printed as correct information only. The only idea we desire to impress upon your mind is that you'll find your straw here the day you want to buy.

Luncheon Held at Park by Section

The luncheon of the home economics section of the Women's club, held at the city park Monday, was a happy occasion, the culmination of a successful year. The monthly luncheons have been marked by specialties in speakers or demonstrators along culinary lines. The membership has increased during the two years that Mrs. Helen Petty has acted as chairman, ably assisted by Mrs. Harry Webber, secretary, Mrs. Ralph Richards, Mrs. W. F. Lutz, Miss Hanna, Mrs. E. H. McHann, and Mrs. A. W. Lee.

At the picnic luncheon a short talk was made by Miss Helen Broadwell on foods in Paris, which was very appropriate to the occasion and very interesting. Miss Corinne Kelly of San Dimas, home economic demonstrator for the Pomona district, also gave an interesting talk on her work.

The largest undertaking of the year was the publishing of a cook book, which came off the press at the holiday season. It was voted at the business session following the luncheon, to turn all the money made from the sale of these cook books into the general treasury. From the general funds of the section, the yearly rental of the telephone will be paid and the balance invested in table cloths.

Curwood Picture Offered by Covina

What should prove a strong drawing card is the James Oliver Curwood picture, "The Country Beyond," offered by the Covina theater tonight (Friday) and tomorrow. Oliver Borden, Virginia beauty, heads the cast, with J. Farrell MacDonald opposite her. The exterior for "The Country Beyond" were made in Jasper national park, Alberta.

W. C. Fields, owner of the world's most ridiculous mustache, comes to the local playhouse Sunday and Monday in what is heralded as his funniest comedy, "The Potters." Those who know their comic supplements will immediately recognize this as the name of McEvoy's weekly howl producer.

Fighting men at their best will be shown in "Blue Eagle," a tale of the high seas, coming Tuesday and Wednesday of next week. Thousands of sailors and marines were used in this film version of Gerald Beaumont's latest story.

"The Family Upstairs," is coming Thursday night. This is said to feature the life of an average family, and supplies laughter galore, not to mention the more tragic moments.

Engineer Takes Flood Control Job

D. C. Henny, civil engineer of Portland, Oregon, has accepted appointment as a member of the board of engineers of the Los Angeles flood control district, it was announced on Saturday by Supervisor Graves, in charge of flood control work.

Henny's acceptance completes the roster of the board, the other members of which are J. F. Rangan, former flood-control chief engineer, and L. D. Lippincott. Organization of such a body was ordered by the board of supervisors several weeks ago. C. M. Paul of Dayton, O., one of the chamber of commerce engineers who made an investigation and report on the plans for the San Gabriel canyon project, was originally asked to serve, but he declined on the ground that he lives too far from Los Angeles.

The position pays \$7500 per year. Plans and work on the various flood-control projects will be prosecuted vigorously now that the board of engineers is ready to function, Supervisor Graves said yesterday.

LOT OF LAND IN HANSON TRACT PRESENTED TO CITY

A deed from Charles L. and Charlotte M. Hanson to lot 7 in tract 8005 to the city trustees was presented to the council at its meeting Monday night, and formally accepted. This deed covers a small strip of land in the center of North Fourth street, which Mr. Hanson converted into a sunken garden at the time the tract was platted. However, Mr. Hanson left Covina without any preparations for the upkeep and instead of beautiful flowers and fountains, ugly weeds have grown rampant, making the spot an eyesore to the city.

AIRPLANE FOREST PATROL ASSURED COAST STATES

Airplanes will again be available this season for forest and fire patrol in the Pacific coast states, according to report by District Forester S. B. Shaw of the San Francisco headquarters. United States forest service, based on advice received from Chief Forester Col. William Greeley, will be extended this year. The war department, which last year notified the forest service that no surplus planes would be available for aerial forest patrol in 1927, has rescinded its former decision and now finds it possible to supply planes for this purpose.

Vinol Gives Girl Appetite and Strength

MRS. LEONARDY GIVES BIRTHDAY PARTY FOR NIECE

Mrs. George Leonardy gave a delightful party Wednesday afternoon for the twelfth birthday of her niece, Jacqueline Tull, at the Leonardy residence on West Orange street.

With green and white as the color scheme, a charming effect was produced in the decorations and refreshments. The table was decorated with green whip candles, tied with white tulle bows. Lilies of the valley formed the centerpiece, with tiny sprays tied to the handles of the pretty May baskets that were used as favors and on the placecards. Sandwiches, salad, ice cream May baskets with candy handles and filled with sherbet, and a beautiful birthday cake seemed almost too good to be eaten.

The guests were Jacqueline Tull, Margaret Jean Millikan, Nancy Miliken, Mary Louise Cook, Mary Elizabeth Laycock, Helea Stanton, Ruby Edwards, Margaret Bradley, Margaret Scott, Virginia Deeter, Patricia Conlyn, and Gwendolyn Tull.

Chandler Retains Mt. Wilson Record

Chandler is the permanent holder of the trophy cup won for its record performance on the stiff, winding grades of towering Mt. Wilson, officials at the Chandler-Cleveland Motors corporation factories were notified recently.

This trophy, donated by the Los Angeles Express, is one of the most valuable prizes ever placed in competition. It has been open for stock car competition for several years, but no car has yet equaled Chandler's time of 24 minutes 47 seconds for the nine and one-half mile climb.

"The irresistible progress as expressed in rapidly increasing motor traffic has necessitated the abandonment of the annual contests to lower the stock car speed record on Mount Wilson," the notification reads.

This record, according to Harnish & Son, local dealers, is the second Chandler record to withstand all competition, the other being the AAA hill climb on Pikes Peak.

DRUGGISTS ATTEND LOS ANGELES CONVENTION

W. A. Lane of Frost's drug store, with Mrs. Lane attended the annual Rexall convention Tuesday at the Ambassador hotel. On Wednesday Mr. and Mrs. Ralph Frost attended the convention. A luncheon was served at noon and in the afternoon while the gentlemen were engaged in business talks and conferences the ladies were provided entertainment. A dinner dance was a fitting close to the session.

SINGER WILL MAKE DEBUT IN CONCERT WORK

F. W. Carter Plans Trip Through East

F. W. Carter, who will represent the Lions club at the international convention to be held in Miami, Florida, in the early part of June, has planned an interesting itinerary, including a trip as far north as New York city, and stopovers along the route.

Leaving San Francisco on the 10th of June, he will go direct to Miami, in company with A. Schornagle, president and delegate of the local club. Mr. Carter will take advantage of an excursion which will be run to Cuba. After spending some time in the Florida orange section, he will go by boat from Jacksonville to Boston, looking after business for clients in Boston, New York city and Chicago, and visiting orange auction markets. A brother in Iowa will be visited, as well as the old home town of Fredonia, Kansas, where thirty-five years were spent before coming to California. Other stops will be made at Kansas City and Colby, Kansas, with Mrs. Carter's relatives. The return will be made through Salt Lake city and San Francisco.

COVINA SPORTSMEN ON TRIP TO MAMMOTH LAKES

A party of Covina sportsmen, including W. S. Cayless, William M. Warren, Dr. Wellesley Magan, J. P. Overholzer, Walter Herring, Edward Weegar, and L. T. Hammersley, left on Tuesday for the Mammoth lakes, to spend a week fishing.

D. A. R. Meets at Parish House

Daughters of the American Revolution held an interesting meeting at the parish house of Holy Trinity church Tuesday afternoon.

It has been the desire of the chapter for some time to place a marker at the grave of a daughter of a Revolutionary soldier, the mother of Mrs. J. B. Elliott, in the cemetery on North Citrus avenue. The committee reported that the marker had been ordered, and upon its arrival will be placed with proper ceremonies.

The old officers were unanimously elected for the new year—Mrs. C. T. Booth, regent; Mrs. G. F. Binehart, vice-president; Mrs. Alice Clapp, recording secretary; Mrs. Minnie Thurber, corresponding secretary; Mrs. Pardon Head, registrar; Mrs. L. L. Katekin, historian.

Awaiting the arrival of the speaker, Miss Helen Broadwell, who was detained in Los Angeles, Mrs. B. P. Thorpe told of her experiences in Europe, and Mrs. F. O. Frazier described a garden tour taken Friday in Montecito, a suburb of Santa Barbara, and the home of the millionaires.

Miss Broadwell spoke on "Side-lights of Paris," holding her audience in close attention for an hour or more. She also touched on a trip into Rome and Genoa. The museum, Monte Carlo, and the wonderful salons of the world's greatest dress-makers were described in an interesting manner.

"OLD-FASHIONED MOTHER" GIVEN BY CHRISTIAN CHOR

"An Old-Fashioned Mother," given by the choir of the Christian church Tuesday evening at the grammar school auditorium, drew a large house. The play, directed by Mrs. Catherine B. Smith, was well put on and carried an interesting story with a moral. The cast of characters was taken by Lea Etta Taylor, Hattie Vernon, Mrs. Hattie Wine, Genevieve Fincher, Susie Goff, Mary Elizabeth Laycock, Hollie Martin, James Hodges, O. D. Brouse, Robert Thomason, McLaren Forbes, and Aleck Daine.

The "village choir" was composed of twenty members of the choir of the church. Mr. and Mrs. Dunn appeared in Scotch songs between the first two acts and the orchestra of the Glendora Christian church played before the performance and between the second and third acts.

BUSINESS WOMEN'S CLUBS IN ANNUAL CONVENTION

Members of the local Business and Professional Women's club will be interested in the eighth annual convention of the southern district federation, to be held in Santa Monica on June 10th to 12th.

The Business and Professional Women's club of the Santa Monica bay district, Mrs. Charlotte Corder, president, will be the hostess.

The general chairman of the local board, Mrs. Florence Galentine, has arranged a reception for Friday evening, a banquet Saturday evening following the business meeting, which includes election of officers, and a breakfast Sunday morning. There will be an honor luncheon Saturday.

CREDIT ASSOCIATION WILL MEET AT BALDWIN PARK

The San Gabriel Valley Merchants' Credit association is sponsoring a meeting at which the merchants of Baldwin Park will be hosts. The meeting will be held at the Baldwin Park Women's club, May 9, at 6:30. All retail business men and also professional men and women of the valley association are invited. Mr. James Scullin of Alhambra will be the principal speaker. Mr. Scullin is secretary of the California Association of Retail Business. Reservations should be made to Mrs. Bonner. The following cities are in the San Gabriel valley association: Azusa, Glendora, Puente, Baldwin Park, and Covina.

PARENT-TEACHER SHOW FEATURES YOUNG ARTISTS

The matinee of "The Magic Garden" at the Covina theater on Tuesday was for the benefit of the grammar school Parent-Teacher association. Miss Christel Levine presented several of her pupils of aesthetic dancing, including Evelyn Burali in "The Doll Dance." Evelyn wore a clever costume and was well received. Richard Hayes, in a colorful costume, did "The Dance of the Wooden Soldier." Clara Coles and Richard Goodell appeared in "The Clog" and "The Black Bottom."

AMPHION CLUB WILL MEET AT CHAPMAN HOME TONIGHT

The Amphion club will meet tonight (Friday) at the home of Mrs. P. M. Chapman on Cypress avenue. The Zoellner quartet of Los Angeles will give the musical program.

Assisting Mrs. Chapman as hostesses are Medaune P. L. Douglas, Helen Petty, E. G. Prather, J. H. Coulman, John Huntington, J. L. Matthews, Ellen Patten, Minnie Thurber, E. P. Warner, G. E. Puige, Wm. Warren and A. C. Kerckhoff.

LEGION HAS REOPENED CANTEN AT CITY PARK

With Russ Davis banging the gavel again, the American Legion is getting ready for a good meeting Monday night. There was a good attendance at the last meeting.

The Legion canteen is again open for the summer in the city park. Ivan Pyle is behind the counter this year.

The stumps have been pulled on the Legion lots, which are the northernmost two directly behind the park swimming pool, and they are all ready for a building which it is hoped will be erected before long.

School Glee Club in Contest Finals

Miss Emogene Arthur will take the girls' glee club of the grammar school into Los Angeles this evening, where they will compete with the glee clubs of other districts in a program to be given at the Gamut club auditorium. This club won first place in the eisteddfod contest for the district, held recently in Pomona. The club is composed of twenty-three girls, who are accompanied by Miss Mildred Robinson and directed by Miss Arthur. They will sing "The Little Dustman" (Brahms), and a folk song, "The Song of the Illyrian Peasants" (Lutekin).

Miss Dorothy Cushman, who formerly made her home in Covina with her aunt, Mrs. Della Arthur, had the honor of winning first place in the cornetists' division from Glendale in the contest held in that district, and will compete for further honors later in the season.

West Covina

The Star league, composed of the grammar schools of Lark Ellen, Mountain View, Bassett, Mill, and West Covina, will hold an all-day meet Saturday at the West Covina school. L. O. MacDonald of the Y. M. C. A. will be the host for the day and the contests will start at 9 o'clock and continue through the day with lunch at noon.

Mr. and Mrs. Thomas Friend were guests over the week-end of Mr. and Mrs. L. Reese in Los Angeles.

Mr. and Mrs. T. Brown of Hollywood were callers at the home of Mrs. C. Kranz on Sunday.

Mr. and Mrs. J. W. Larmer spent Sunday with Mr. and Mrs. Erwin Becker in Long Beach.

Mr. and Mrs. F. P. Harris and their house guest, Mrs. Lizzie Odell of Fort Scott, Kansas, were guests Monday of Mrs. Marion Harris at Garden Grove.

BOY SCOUTS END PLEDGE CAMPAIGN

The pledge-signing contest sponsored by the chamber of commerce between the local Boy Scouts was participated in by many of the boys. The pledge called for care with fire while in the forests and was readily signed by the citizens. The first prize was a trip to the summer camp on Catalina island and was won by John Whitehead, who secured 936 signatures. The second prize, five dollars, was won by Hubert White, who produced a list of 705 names. Many other boys secured a creditable number of names.

BRIDGE PARTY GIVEN AT HOME OF MRS. WM. VINCY

The first of a series of bridge parties that is to be given by Mrs. Jas. Elliott and Mrs. William Vinney was held Saturday afternoon at the latter's home on South Citrus avenue. Beautifully arranged baskets of mixed garden flowers were used wherever possible throughout the house and on each table. Corsage bouquets were fastened to each prize that was presented high score at each of the nine tables. Mrs. Irven Reynolds received a prize for high score for the afternoon and Mrs. E. L. Varney a prize for low score.

HIGH SCHOOL MOTHERS INVITED TO PROGRAM

All of the mothers of high school pupils are invited to a Mothers' day program to be given at the high school on the afternoon of Thursday, May 12th, at 2:15. A play, "Station YYY," by Booth Tarkington, will be given, followed by tea in the cafeteria.

Beautiful Chevrolet in Chevrolet history

The Imperial Landau

Specially-Built Fisher Body — Strikingly
Beautiful Duco Colors—Elegantly Appointed
—The Aristocrat of All Chevrolets

Again Chevrolet revolutionizes every previous conception of quality and elegance in a low-priced automobile by presenting the Imperial Landau—a new model whose distinction and smartness entitle it to comparison with the costliest custom-built cars.

Its specially-built Fisher body reveals all the masterly craftsmanship for which the Fisher name is famous. The finish is lustrous black Duco, with embellishments of brilliant chasseur red.

With oblong windows—with nicked windshield rim and landau bows—with vaulted roof, and with top and rear

quarter in mouse gray textile leather, this aristocrat of all Chevrolets is one of the most strikingly beautiful cars to be seen on the streets and highways.

And, of course, it has all the power, speed and smoothness—all the flashing acceleration, finger-tip steering and unfailing dependability that have brought to Chevrolet such world-wide fame.

This beautiful car is now on display in our showroom. Come and see it. You will be delighted to learn that a car so low in price provides such commanding individuality and style!

Thorpes Leave for Europe to Attend Meeting

Mr. and Mrs. Ben F. Thorpe are leaving for Europe on the 20th of this month to attend the Rotary International convention at Ostend, Belgium, to which Mr. Thorpe is a delegate from the Covina Rotary club.

They will travel on the special Rotary train over the Santa Fe railway, to New York city direct, with a five-hour stop at Washington, D. C., to see the sights of the national capital. On Friday, May 24, a fleet of six Cunard line steamers, all filled with American visitors to the international convention at Ostend, will sail out of New York harbor for Antwerp. Mr. Thorpe has been appointed assistant sergeant-at-arms for the big convention, which will last one week. From there Mr. and Mrs. Thorpe go to Paris for a week, thence through France to Spain for a month's stay there, to Portugal, Gibraltar, Morocco, Algeria, Sicily, Italy, Austria, Czechoslovakia, Hungary, Germany, and Holland, and will sail for home on a steamer from Antwerp to San Pedro through the Panama canal, arriving home about November 1st.

Mrs. Frank Ohaver Died Yesterday

Mrs. Emma Della Ohaver, wife of Frank Ohaver, died Thursday afternoon at 2 o'clock at her home on West Badillo street. Death was due to heart failure. Mrs. Ohaver's mother, Mrs. Blanchard, had been a guest at the Ohaver home for a few days, and had suffered a slight stroke, and worry aggravated Mrs. Ohaver's condition.

No arrangements for the funeral had been announced at the time the Argus went to press.

TELEPHONE COMPANIES TO DIVIDE AT SAN DIMAS

Contending that their presence in the San Dimas territory is contrary to the policy of the interstate commerce commission, which opposes the occupation of territory by two different company lines, the Covina Home Telephone company has asked to discontinue service to a part of the San Dimas territory. The hearing will be held June 21. Valley Center is petitioned to be the dividing line, the Pomona company to serve east of this.

TESTING AUTO DRIVERS

From Leipzig, Germany, comes a description of the driving test that is now obligatory there. It is probably the most searching test of fitness yet devised, says the Associated Press.

The driver holds the steering wheel in a detached control section of an automobile provided with all the regulation apparatus he would need to control the car if it was actually in motion. Close in front of him is a screen on which is thrown a motion picture of the traffic in a congested thoroughfare, and he is required to manipulate his controls so as to avoid the dangers the traffic presents.

A NIGHT OF BATTLE WITH THE COLD AND WHAT IT MEANS TO EVERYBODY

By FRANK STOKES, Jr.
Kickapoo Ranch, Covina

There is—concerned with every industry—somehow, a certain representative, romantic something that is quite different from the ordinary industry. With mining, it is a "rustler." In the stock exchange, it is a "bull" or a "bear" market—as the case may be. With the citrus industry of California, it is a "low" thermometer during mid-winter nights.

The citrus industry has long been considered a fitting occupation for elderly gentlemen—"squire" farmers, wishing to keep busy in a leisurely manner. This conception of the business may or may not be true. It certainly is not true when the thermometers are low. For low thermometers mean war.

And war it is! Thousands upon thousands of grim, silent heaters—inanimate soldiers awaiting the torch—long even rows of them in nearly every orchard throughout the citrus area. Then there are the scouts; men whose duty it is to ride hour after hour, night after night, from field to field, constantly passing over the same territory, reading the same thermometers over and over again. These men carry telephones with them they "plug in" at regular intervals, making frequent reports to their general who sits before a switchboard and calls out the farmers whose orchards are about to be attacked by the enemy.

Now the battle is on! Bright patches of reflected light appear in the sky as orchard after orchard is "fired." Soon a rumbling, thundering murmur is heard—the low-roaring noise of "ten thousand" heaters. Somewhere in the night a man, with the love of battle in his soul, gives vent to his feelings by emitting a "Whoop-e-e-e-e!" This yell is answered and passes back and forth over the country like the crowing of cocks.

The night becomes blacker and blacker as the hours pass. The stars disappear. The smell of oil is in the air. A blanket seems to be spreading over all the earth. One can almost swim in the air, the air is so thick and heavy.

Still the battle continues. Still that rumbling, thundering murmur, for the critical hour is at hand—the enemy usually puts forth his greatest effort just before the retreating of the night.

But at last the night is gone. What a morning! The day is here, yet there is no sun. An unnatural gloom hangs over all. The world is in cheerless shadow. Still the citrus men are happy; they have won the fight. Neighbors meet on their homeward lines. They congratulate each other. Then they laugh—for any one of them could enter a minstrel show without any further makeup.

Last night's battle has been won; but the war is not over. War is received from the government weather bureau (where sits the chief scout) to prepare for more cold. Tank wagons and tank trucks now pass over the various battle fields, renewing the supply of oil in those gallant heaters.

And in the meantime the morning breeze carries the oil smoke blanket to the distant ocean, where it is vehemently damned by pilots. People in far-away cities (not understanding the situation) sniff the air and declare it a shame that those citrus ranchers should be permitted to so contaminate the atmosphere. Merchants apologize to their tourist customers and proclaim that something must be done.

Ha! You unthinking people, can you not understand that last night's battle was—in a manner—fought for you? Read any annual report of the Citrus Exchange and then ask yourselves if you desire to have those millions of dollars remain outside your state. Had those heaters not been lighted, thousands of freight cars would remain motionless; thousands of dollars worth of goods, now on shelves, would be on your shelves months hence.

Had those heaters not been lighted, those new flivvers, now being rattled together in Henry's factory, would never find their way to the gas stations. Nor would the many vacation resorts—scattered up and down the state—be destined to have our names upon their registers. Yes; and those angry pilots would be destined to sit on wharf posts gazing upon idle ships.

Lastly, consider that there are in California 365 fine days each year. Suppose we, the citrus farmers, spoil five of them. There will still remain 360 beautiful days—days during which loaded freight cars will rattle over rails, laden ships will pass in and out of port; days during which shopworn goods will be non-existent. So when the oil smoke blanket set-

Rotarians Plan Active Programs

President Frank H. Wright and Secretary William Thorpe, newly-elected officers for the year of the Covina Rotary club, were in charge of yesterday's meeting at the Palace of Sweets, and an ambitious program for the year was outlined by the new president. A comprehensive list of committee personnel was announced, covering educational and welfare activities as planned for the year. Incidents of the Stockton convention were told by Ben F. Thorpe and Henry Damerel, where 4014 Rotarians recently gathered. The Covina Rotarians will be guests at Pasadena next Wednesday.

He—You look like a sensible girl. Let's get married.
She—Nothing doing. I'm as sensible as I look.

ties over you, just consider it a guarantee that in the spring our wives will be in town to shop. Our wives? Well, yes; still if we take that trip—and if we save our crop of course we'll go—the boy and I may yet decide to buy those fine new shotguns.

Valley Beautiful Meets in Alhambra

The April meeting of the Valley Beautiful association met Wednesday in the Alhambra Athletic club, where the organization started eighteen months ago. Mrs. S. S. Aschenbrenner of Covina presided. It was one of the best-attended meetings of the association. The tables were beautifully decorated with baskets of spring flowers furnished by the floral association of Monterey Park.

Speakers of the evening were Mr. Spence B. Turner, county forestry and fire warden, Thomas A. Bekkib, Frank M. Colville, and A. M. King. Montebello is to join the association and has invited it to meet there in June. The May meeting will be in Ontario.

Teacher: "Now suppose I am leaving the school and a man comes up to me, gives me a blow which knocks me down and my head strikes the pavement with great force and I am killed. What are the consequences?"
Bright pupil: "We would all have a holiday."
